2013-05-02 I just can't imagine me without you... It's the mid-1990s, and fifteen year-old Guernsey schoolgirls, Renée and Flo, are not really meant to be friends. Thoughtful, introspective and studious Flo couldn't be more different to ambitious, extroverted and sexually curious Renée. But Renée and Flo are united by loneliness and their dysfunctional families, and an

intense bond is formed. Although there are obstacles to their friendship (namely Flo's jealous ex-best friend and Renée's growing infatuation with Flo's brother), fifteen is an age where anything can happen, where life stretches out before you, and when every betrayal feels like the end of the world. For Renée and Flo it is the time of their lives. With graphic content and some scenes of a sexual nature, PAPER AEROPLANES is a gritty, poignant, often laugh-out-loud funny and powerful novel. It is an unforgettable snapshot of small-town adolescence and the heart-stopping power of female friendship.

But life has other plans. Daniel works on the 101st floor of the World Trade Center. Erin is drinking margaritas on a beach in Mallorca, helping her best friend get over a breakup, when she hears a plane has crashed into Daniel's building. On a television at the smoky hotel bar, she watches his building collapse. She makes her way home with the help of a stranger named Alec, and once there, she haunts Ground Zero, nearby hospitals, and trauma centers, plastering walls and fences with missing-person flyers. But there's no trace of Daniel. After accepting Daniel's death, Erin struggles to get

her life back on track but makes a series of bad decisions and begins to live her life in a self-destructive fog of booze and pills. It's not until she hits rock bottom that she realizes it's up to her to decide: Was her destiny sealed with Daniel's? Or is there life after happily ever after?
