**Reeds Outboard Motor Troubleshooting Handbook** Barry Pickthall 2013-01-17  
Most outboard motors will be troublesome at some point in their lives, but armed with the right knowledge a skipper needn't worry. The Reeds Outboard Motor Troubleshooting Handbook is a compact, pocket-sized guide to finding solutions to all of the most common outboard problems, and many of

the less common ones too. The perfect format for quick reference on board, this book will help skippers fix troublesome outboards themselves, or enable the skipper to do an emergency patch-up for a more serious problem until they can get back to port. Each topic addresses a particular problem, and gives clear step by step instructions with helpful colour photographs and diagrams showing exactly what to do. Straightforward and accessible, the Reeds Outboard Motor Troubleshooting Handbook should be an essential part of any skipper's DIY toolkit - and perfect for slipping in the pocket.
