The Development of Second Language Proficiency

Ontario Institute for Studies in Education

1990-03-30 This text presents the findings of a major investigation of second language

proficiency in various groups of school-aged learners. It invites a frank appraisal of the research from an outside panel of experts. The theoretical and practical implications of the study are the subject of a lively debate focused on three main research issues: the nature of second language proficiency, the impact of classroom treatment on second language learning, and the role of social and individual factors in bilingual development. This original collection of articles will be of interest to all those concerned with policy and practice in second language education.

Global Americans Maria Montoya 2016-10-14

GLOBAL AMERICANS speaks to an increasingly diverse population of students who seek to understand the place of the United States in a shifting global, social, cultural, and political landscape. America's national experience and collective history have always been subject to transnational forces and affected by global events and conditions. In recognition of this reality, this insightful new text presents a history of North America and then the United States in which world events and processes are central rather

than colorful sidelights. The narrative recovers the global aspects of America's past and helps students understand the origins of the interconnected world in which they live. By weaving together stories, analysis, interpretation, visual imagery, and primary sources from across time and place, this book presents a revised history that reflects America's -- and Americans' - - relationship to events and peoples across the continent and beyond. Colonialism and Postcolonial Development James Mahoney 2010-02-15 In this comparative-historical analysis of Spanish America, Mahoney offers a new theory of colonialism and postcolonial development. He explores why certain kinds of societies are subject to certain kinds of colonialism and why these forms of

colonialism give rise to countries with differing levels of economic prosperity and social well-being. Mahoney contends that differences in the extent of colonialism are best explained by the potentially evolving fit between the institutions of the colonizing nation and those of the colonized society. Moreover, he shows how institutions forged under colonialism bring countries to relative levels of development that may prove remarkably enduring in the postcolonial period. The argument is sure to stir discussion and debate, both among experts on Spanish America who believe that development is not tightly bound

by the colonial past, and among scholars of colonialism who suggest that the institutional identity of the colonizing nation is of little consequence.

Sinners in the Hands of an Angry God Jonathan

Edwards 2019-08-15 Preached at Enfield,

Connecticut on July 8, 1741, this is perhaps the

greatest sermon ever preached in America—and

is certainly among the most well known. Owing to

its forthright dealing with God’s wrath and His

intense hatred of sin and the sinner, it is also one of the most controversial. Indeed, for more than three-quarters of the sermon Edwards lays down a relentless stream of the most vivid and horrifying descriptions of the danger facing unregenerate men. While it is difficult to read such graphic language, there is abundant hope in the sermon’s conclusion. Edwards puts it this way, “And now you have an extraordinary opportunity, a day wherein Christ has thrown the door of mercy wide open and stands calling and crying with a loud voice to poor sinners.” While those who would rather ignore God’s justice in

favor of His mercy condemn Edwards and his sermon, those who were present and actually heard him preach that day reacted in a decidedly different manner. According to the diary of Reverend Stephen Williams who attended the sermon, “Before the sermon was done there was a great moaning and crying through the whole House, ‘what shall I do to be saved; oh, I am going to hell, etc.’” The diary goes on to indicate that Edwards had to interrupt his sermon and come down to minister to those who were under such awful conviction. And so, in spite of what the scoffers might think or say, “the amazing and

astonishing power of God” was manifested among the people that day—with many falling not into the hands of an angry God, but into the arms of a mighty Savior.
