controversy by its glorification of war and support of Fascism. Experimenting with movement, and speed, and abstract light and color, the Futurists developed approaches and techniques that were revolutionary at the time, and in retrospect one can see that the Futurists influenced other avant-garde art movements, most notably Russian Constructivism. Artists featured: Giacomo Balla, Umberto Boccioni, Anton Giulio Bragaglia, Carlo Carra, Tullio Crali, Fortunato Depero, Gerardo Dottori, Leonardo Dudreville, Virgilio Marchi, F.T.
