The Struggle for Power in Early Modern Europe Daniel H. Nexon 2009-04-20 Looks at the pivotal events of the sixteenth and seventeenth centuries - including the Schmalkaldic War, the Dutch Revolt, and the Thirty Years' War. This book argues that early modern 'composite' political communities had more in common with empires than with modern states.

White on Black Jan Nederveen Pieterse 1992-01-01 White on Black is a compelling visual history of the development of European and American stereotypes of black people over the last two hundred years. Its purpose is to show the pervasiveness of prejudice against blacks throughout the western world as expressed in stock-in-trade racist imagery and caricature. Reproducing a wide range of illustrations--from engravings and lithographs to advertisements, candy wrappings, biscuit tins, dolls, posters, and comic strips--the book challenges the hidden assumptions of even those who view themselves as unprejudiced. Jan Nederveen Pieterse sets Western images of Africa and blacks in a chronological framework, including representations from medieval times, from the colonial period with its explorers, settlers, and missionaries, from the era of slavery and abolition, and from the multicultural societies of the present day. Pieterse shows that blacks have been routinely depicted throughout the West as servants, entertainers, and athletes, and that particular countries have developed their own comforting black stereotypes about blacks: Sambo and Uncle Tom in the United States, Golliwog in Britain, Bamboula in France, and Black Peter in the Netherlands. Looking at

conventional portrayals of blacks in the nursery, in sexual arenas, and in commerce and advertising, Pieterse analyzes the conceptual roots of the stereotypes about them. The images that he presents have a direct and dramatic impact, as the Premier League's 2006-07 season of power within popular culture and the force of caricature, humor, and parody courses through the press.

The Mammoth Football Quiz Book Nick Holt 2016-11-24 A truly mammoth football quiz book covering over twenty years of the Premier League and the entire history of the beautiful (and sometimes not so beautiful) game. All the major international tournaments are covered, as well as the full history of the domestic game, both recent and historical - even granddad can show off! Nick Holt has compiled a satisfyingly hefty and wonderfully challenging collection of 3,000 questions, arranged in quizzes of varying difficulty and subject matter covering the games that mattered, the personalities, the controversies, the goals and the glory. Sample questions: It wasn't until 2007 that a South American player scored a Premier League hat-trick; who scored three in a 5-3 derby win over Wigan Athletic in December that year? There have been some noticeably bad-tempered Merseyside derbies in the Premier League era; which Everton player saw red at Goodison Park in December 2005, and again in October, 2007? Which two uncapped overseas players were the captains of Manchester City and Portsmouth respectively for the 2004-05 season? Germany 1, England 0: Who was the only player to score for the only time in his international career? Italia 90: Who was the unlikely scorer of the game's only goal when England beat Egypt 1-0 in a group match of bewildering tedium? Italia 90: Defeat by which country in their opening match cost Scotland a chance of progressing past the group stage for the first time?

A New Law-Dictionary ... The Sixth Edition ... To which is annexed, a Table of References to all the Arguments and Resolutions of the Lord Chief Justice Holt, etc Giles Jacob 1750

Making and Unmaking of San Diego Bay Matthew R. Kaser 2021-09-27 San Diego Bay is a shallow estuary surrounded by a large population center. Geological forces and changes in sea levels from the last Ice Age combine to make the bay and the adjacent highlands and mesas. Human activity has also influenced the bay. Humans built several major cities and filled significant parts of the bay. This book describes the natural history and evolution of the San Diego Bay area over the last 50 million years through the present and into the future. Key features summarizes a complex geological, geographical, and ecological history reviews how the San Diego Bay has changed and will likely change in the future examines the different roles of various drivers of bay ecosystem function includes the role of humans--both first peoples and modern populations--on the bay explores San Diego Bay as an example of general bay ecological and environmental issues related titles Howard GC and Kaser MR.
