## Famous Past Lives Steve Burgess 2011

Steve Burgess is one of the UK's leading Hypnotherapists who has completed many thousands of past life regressions. This intriguing book is the story of some of his clients who in regression sessions appear to have been very famous historical characters in their previous lives. These famous past lives include Queen Elizabeth I, her elder sister Queen Mary, one of Jack the Ripper's prostitute victims, Titus Oates from the Scott of the Antartic Expedition and William Shakespeare. Whilst in trance, Steve's clients give fascinating accounts of their past life alter egos, often experiencing things known only to historians. As they re-live their famous past lives they even provide unknown information, which gives us a fuller insight into the lives of the famous characters, including Elizabeth's passionate affair with Robert Dudley and the fate of their love child, and Shakespeare's travels abroad. This book may be the book that proves the reality of reincarnation, and will be of interest to both sceptics and spiritually minded people.

**Past Life Journeys of Gea and Zen: Life in the Jungle** Gabrijela Solomon  
2013-03-13 Past Life Journeys of Gea and Zen is a true story of two spirits, whose magnetic bond transcended time and space.

It is a collection of books that guides us through several of their reincarnations. Details about Gea's and Zen's past lives were retrieved through channeling during actual past life sessions that the author had with a gifted medium. In the book Life in the Jungle, Gea and Zen were incarnated on Earth around 950 AD. They were born as Aani and Ercu in the lush rainforest of South America near the Iguazu Falls. While growing up in indigenous opposing warring tribes, Aani became a healer and Ercu a hunter and a tribal leader. In that life, their purpose was to develop selflessness and the capacity for unselfish love. They connected in their devotion to each other, but their tribes did everything to break them apart... **Healing with Past Life Therapy** Lorraine Flaherty 2013-09-01 Providing evidence to the validity of past lives, this self-help guide delves deeply into past life regression and offers a thorough understanding of each step of the process. Through detailed transcripts of actual sessions, ordinary people speak candidly about their experiences with this form of self-discovery. Confirming that she has gone through the same journey to healing, Lorraine Flaherty incorporates stories of her own past lives to illustrate the ways these insights can aid in clearing away mental clutter, help to form better decisions, cause one to become more

empowered, and put one's life on the right path. With a compelling and down-to-earth approach, this remarkable discussion illustrates the ways that any reader—from the idly curious to the serious spiritual seeker—can develop a greater understanding of who they are, where they come from, and where they are going.

*Children's Past Lives* Carol Bowman  
2012-02-01 Has your child lived before? In this fascinating, controversial, and groundbreaking book, Carol Bowman reveals overwhelming evidence of past life memories in children. Not only are such experiences real, they are far more common than most people realize. Bowman's extraordinary investigation was sparked when her young son, Chase, described his own past-life death on a Civil War battlefield—an account so accurate it was authenticated by an expert historian. Even more astonishing, Chase's chronic eczema and phobia of loud noises completely disappeared after he had the memory. Inspired by Chase's dramatic healing, Bowman compiled dozens of cases and wrote this comprehensive study to explain how very young children remember their past lives, spontaneously and naturally. In *Children's Past Lives*, she tells how to distinguish between a true past life memory and a fantasy, offers practical advice to parents on how to respond to a past life memory, and shows how to foster the spiritual and healing benefits of these experiences. Perhaps the most moving, convincing, and best-documented evidence yet for life after death, *Children's Past Lives* will stand alongside the classics of Betty J. Eadie, Raymond Moody, and Brian Weiss in its power to comfort, uplift, and transform our thinking about life after death

**Reincarnation and Your Past-Life Memories** Gloria Chadwick 1999 Presents a step-by-step guide to the world of past-life regression that explains how to use such techniques as a path to self-discovery, describes three types of soulmates, and demonstrates how regression holds the key to current mannerisms, preferences, dreams, and memories.

**A Practical Guide to Past Life Regression** Florence Wagner McClain 1986 Have you ever visited a strange place and felt that you had been there before? Do you struggle with frustrations and fears that seem to have no basis in your present life? Are you afraid of death? This book presents a simple technique that you can use to obtain past life information today. There are no mysterious preparations, no groups to join, no philosophy to which you must adhere. You don't even have to believe in reincarnation. The tools are provided for you to make your own investigations, find your own answers and make your own judgements as to the validity of the information and its usefulness to you.

*Past Lives, Present Miracles* Denise Linn  
2008-03-01 Miracles can occur in your life, easily and effortlessly. It's simply a matter of remembering who you are—and to do this it's necessary to clear the blockages that stand between you and your soul. Almost all of these obstacles have their roots in your distant past, so it's valuable to travel back in time to release them. However, most of us are so caught up in limiting beliefs about who we are that it's almost impossible to take that journey. In this book, you'll learn how to travel back to your previous incarnations to release buried obstructions so you can create the miracles in your life that you deserve! It's safe, easy, and fun . . . and anyone can do it! You'll learn how to discover your past lives without ever doing a regression, remove limitations regarding your relationships, abundance, and health that came from your past lives, uncover the symptoms of past-life traumas and how to clear them, even if you don't believe in reincarnation, understand the roles that loved ones played in your previous incarnations, find your personal guides, spirit guardians, and angels and receive their help . . .and much, much more!

*Past Lives Therapy: Past Life Regression Special Edition with Past Life Therapy Center*  
Dr. Morris Netherton 2014-03-27 *Past Lives Therapy* was the first past life regression book to address the use of reincarnation as a source for therapy. It served as the

foundation for on-going teaching programs in the United States. It also introduced the Netherton Method to clinicians in eight foreign countries where it has been translated. *Life Without Guilt* Hazel M. Denning 1998 A past-life regression therapist uses numerous case studies to show readers how to leave their guilt in the past, learn to forgive themselves, and free themselves for a more fulfilling life.

**Past Life Dreamwork** Sabine Lucas 2008-04-18 The first book to approach reincarnation from the perspective of dreams • Identifies soul bloodlines, the key to past life therapies • Combines the author's own experiences with case studies and dreamwork with empirical research • Reveals how the analyst and client are often karmically linked In *Past Life Dreamwork*, Sabine Lucas examines "soul bloodlines"--character traits, talents, and life issues that are the common elements and circumstances of successive past lives. Found threaded through our dreams, these bloodlines reveal the forces manifesting in

this life, and, taken together, they shape individuality as well as destiny within the reincarnation cycle. Though a wealth of past life related material regularly surfaces in dreams, until now dreamwork has been largely ignored as a therapy for successfully integrating past life experiences. Using the results of 27 years of personal and professional work, Lucas explains that past life memories help us work out karma on the macro level and trauma on a micro level. She distinguishes three types of past life dreams--classic, informatory, and hybrid--and demonstrates how to distinguish these from other dreams. Her dramatic case studies illustrate the effectiveness of dream therapy in recognizing and integrating the resonant and recurrent circumstances and ethical dilemmas that are played out in the subconscious mind. These psychologically revealing stories bear witness to how individuals are made whole through the integration of common strands of forgotten or repressed past lives. Lucas shows that the integration of past lives enriches the conscious self and also promotes universal tolerance through an understanding of the patterns of our psychic soul inheritance. *Past Life Regression* Daniel Kai 2015-04-07 Have you ever wanted to explore your past lives to help better understand the purpose of your soul's journey through eternity? Would you like to help guide your friends and relatives into a meditative state when they can recall their own hidden past life memories to help them with the very personal challenges of their current lives? If so, this book is for you. This book will help you discover the long journey of your soul - whether your most recent incarnations were in the distant, distant past or from a slightly more recent period of history. You'll discover how important events of your past life create trends and can significantly impact your current life. You'll see how people, family, and friends help create karmic resonances and causal ripples from pasts long since forgotten. Author Daniel Kai has spent years investigating past life phenomena and helping others recover their own past life memories. By popular request,

he has created this book to help show you how to achieve the same amazing past life recollection results in the comfort of your own home. By the time you finish reading this book, not only will you be able to provide your own past life regression, but you will have enough information to act as a past life advisor to help others. In this book you will learn\* how to use the included guided meditation script to help clients and others recover their own lost past life memories\* how to distinguish between real past life memories and memories conjured by false memory syndrome\* how to induce deep, deep states of relaxation in yourself and clients to begin probing the recesses of their minds\* the basics of and the differences between hypnosis and guided meditations\* how to hone in on specific past life memories\* how tragedies and important events in past incarnations dramatically affect your current life conditions If you are even remotely curious about past lives and how to help yourself and others enter into a state of mind to recover their hidden past life memories, this book is definitely for you. I hope you enjoy this book as much as I enjoy creating it.

**Reincarnation** Ian Stevenson 1980 Cases of responsive xenoglossy thus add to the evidence concerning the survival of human personality after death.

**Guinevere** Laurel Phelan 1996 life regression. When the results pointed to a past life as Queen Guinevere, Laurel traveled back to that life to make peace with the woman she once was.

**Five Lives Remembered** Dolores Cannon 2009 THE BEGINNING What do you do when you discover information that is before its time? What do you do when your curiosity takes you on an adventure that is so bizarre that there is nothing "normal" to relate to? This is what happened to Dolores Cannon in 1968, long before she began her career as a past-life hypnotherapist and regressionist. Travel back with us to that time when the words "reincarnation, past-lives, regression, walk-ins, New Age" were unknown to the general population. This is the story of two normal people, who accidentally stumbled across past-lives while working with a doctor to help a patient relax. It began so innocently, yet it crossed the boundaries of the imagination to open up an entirely new way of thinking at a time when such a thing was unheard of. It went totally against the belief systems of the time. It was so startling that they should have stopped, but their curiosity demanded that they continue to explore the unorthodox. The experiment changed the participants and everyone involved, and their beliefs would never be the same. Dolores Cannon is now a world-renowned hypnotherapist who has explored thousands of cases in the forty years since 1968, and has written fifteen books about her discoveries. Her books are translated into more than 20 languages. She is teaching her unique form of hypnosis all over the world. When she lectures people ask, "How did you get started on all of this?" This is the story of her beginnings. The book was written in 1980, her very first book. It has laid dormant, gathering dust, until now, waiting. Now is the time for it to come forth. Enjoy the adventure!

**Reincarnation** Eirik Leivsson 2016-03-17 Discover Remarkable Stories of Past Life

Memory! Reincarnation: Just another religious myth, or an actual, real phenomenon? While such esoteric concepts are near impossible to prove under controlled conditions, there does actually exist compelling evidence which suggests that we do live more than once.

"Exceptional Cases of Past Life Memories" takes bits of information from all kinds of obscure sources, including: scientific papers and journals, old documentaries and news articles, as well as numerous radio and TV interviews- and distills it all into a number of concise, easy-to-read stories with clear narratives. During the course of this book, we will explore 13 cases where people remembered moments from another time, another life, another them. Whatever your beliefs may or may not be, one thing is certain: at the end of it all, the idea of many lives will appear more real than ever before. We will take a look at: An Indian boy who claims he got shot, and whose birthmarks match the bullet wounds of his previous body An English boy who is haunted by the echoes of his 1940s German past. A woman whose sexual anxiety is explained through her past life memories A little Finnish girl who swears she used to be a grown man, before she was ran over by a bus. A young girl from Myanmar who claims she's actually her own grandmother. And much more!

Beyond Past Lives Mira Kelley 2015-07-28 Understand your present with this powerful book on past lives. In this book, regressionist Mira Kelley shares the life-changing lessons she has learned from her clients to help you find support and understanding, and to empower you in your own growth. Mira teaches you how to connect with your Higher Self in any moment to receive guidance. You'll come to understand how everything around you is just a reflection of yourself, why is it important to forgive, why you have the right to love yourself, and how the Universe always supports you lovingly and unconditionally. The stories contained in these pages will help you discover how to heal your body, mind, and spirit as you learn about the nature of time, karma, destiny,

and free will—as well as how each choice creates a new reality for you. As you read *Beyond Past Lives*, you'll see how regression has helped others shift to a reality of health and well-being, and you will be guided to achieve the same for yourself. Prepare for a powerful transformation as you experience the profound lesson of your past lives!

*The Portal to Past Life Insight* Lynn C. LeBlanc 2015-12-17 *The Portal to Past Life Insight* is a collection of short stories about individuals looking for answers to life's challenges. After conventional methods have proven unsuccessful, clients turn to a hypnotherapist and past life specialist for an alternative approach.. Most of life's challenges center around lessons the soul has chosen to learn. Unfortunately, the soul often finds itself stuck in loops that transcend lifetimes. Traveling back in time, collecting information we identify lessons the soul is trying to learn. Each story transports us to various locations around the world, throughout history. Our journeys include Ancient Egypt, Siam, and Nazi Germany. We relive the Klondike Gold Rush, search for the Northwest Passage, and serve time as a political prisoner in the penal colony of Australia. Learn what to look for and how to find key information. See how the soul creates lives to learn and grow. Current and past lives are all intertwined so looking at one life in isolation definitely has limitations. It is much easier, more productive, and insightful to look at past lives when trying to solve issues - even 21st century issues. *The Portal* has a balance of humor and realism. The stories are interesting and uplifting, as well as inspirational. The book encourages the reader to want more - more out of life and more of a connection between their physical body and their soul.

Repetition Doris Eliana Cohen 2008 This fascinating book by Doris Eliana Cohen, Ph.D., was written to help us create a shift in our own consciousness as well as that of humanity. In order to heal from traumas, we unknowingly repeat the stories of our lives again and again, reliving them in different scenarios in this life as well as in other lifetimes. This repetition of our behavior patterns is neither neurotic nor pathological. It is absolutely necessary, because painful

though it may be, repetition offers us multiple opportunities for facing our issues, making new choices, and healing ourselves at last. All of us have a God-given gift of free choice, although we may be unaware of it at times. Only when we acknowledge and take full responsibility for the choices we've made in our current and past lives can we begin to change our stories and end the suffering we've been causing ourselves. This material is based on Doris's 30 years of clinical experience with patients, using traditional therapy techniques combined with past-life regression therapy. It is guided and inspired by her communication with Guides and Angels of the Light, who have accompanied her for many years. Within these pages, Doris presents the 7 Steps of Rebirth, which provide a profound yet swift and simple route to change our lives and heal ourselves. Her 4 Steps of Joy offer a powerful tool for accessing the Light swiftly and easily. Remembering the events of our past lives provides a rich and fascinating tapestry of our journey, resulting in the humbling and uplifting realization that our souls are on a grand adventure. In owning our stories, we move from seeing ourselves as victims of life to empowering ourselves as co-creators of our destiny.

**Life Before Life** Jim B. Tucker, M.D. 2005-09-01 For the past forty years, doctors at the University of Virginia Medical Center have conducted research into young

children's reports of past-life memories. Dr. Ian Stevenson, the founder of this work, has always written for a scientific audience. Now, in this provocative and fascinating book, Dr. Jim B. Tucker, a child psychiatrist who currently directs the research, shares these studies with the general public. *Life Before Life* is a landmark work—one that has the potential to challenge and ultimately change our understandings about life and death. Children who report past-life memories typically begin talking spontaneously about a previous life when they are two to three years old. Some talk about the life of a deceased family member, while others describe the life of a stranger. They may recount details about previous family members, events in the previous life, or the way they died in that life. The children tend to show a strong emotional involvement with the apparent memories and often cry to be taken to the previous family. In many cases, parents have taken their children to the places they named, where they found that an individual had died whose life matched the details given by the child. During the visits, some children have recognized family members or friends from that individual's life. Many children have had birthmarks that matched wounds on the body of the deceased individual. Researchers have studied more than 2500 such cases, and their careful investigations have produced an impressive body of work. *JAMA*, the *Journal of the American Medical Association*, stated in a review of one of Dr. Stevenson's scientific books that, "in regard to reincarnation he has painstakingly and unemotionally collected a detailed series of cases . . . in which the evidence is difficult to explain on any other grounds." *Life Before Life* explores the various features of this world-wide phenomenon, describing numerous cases along the way. We meet a boy in Michigan who, after being born with three birthmarks that matched wounds on his deceased brother, begins talking about events from the brother's life; a boy in Turkey who gives a number of accurate details, including the name, of a man who lived 500 miles away and died fifty years

before the boy was born; and a girl in Sri Lanka who is able to recognize the family members of a deceased stranger as they are presented to her one by one, giving specifics about their lives that she could not have known from their appearance. Dr. Tucker presents this material in a straightforward way, relating extraordinary stories that have been amassed with a scientific approach. He then considers how best to interpret the evidence, and he lets readers reach their own conclusions—which, for many, will be profound.

**Return to Life** Jim B. Tucker, M.D.  
2013-12-03 Dr. Tucker, in a follow-up to his book *Life Before Life*, explores American cases of young children who report memories of previous lives in the *New York Times* bestseller, *Return to Life*. A first-person account of Jim Tucker's experiences with a number of extraordinary children with memories of past lives, *Return to Life* focuses mostly on American cases, presenting each family's story and describing his investigation. His goal is to determine what happened—what the child has said, how the parents have reacted, whether the child's statements match the life of a particular deceased person, and

whether the child could have learned such information through normal means. Tucker has found cases that provide persuasive evidence that some children do, in fact, possess memories of previous lives. Among others, readers will meet a boy who describes a previous life on a small island. When Tucker takes him to that island, he finds that some details eerily match the boy's statements and some do not. Another boy points to a photograph from the 1930s and says he used to be one of the men in it. Once the laborious efforts to identify that man are successful, many of the child's numerous memories are found to match the details of his life. Soon after his second birthday, a third boy begins expressing memories of being a World War II pilot who is eventually identified. Thought-provoking and captivating, *Return to Life* urges its readers to think about life and death and reincarnation, and reflect about their own consciousness and spirituality.

*Journey to My Past Lives* Nathalia Sunaidi 2006-10 What is past life regression? Do you believe in reincarnation? Do you believe that you were someone else? Do you have previous life before your current life? How

can past life regression (PLR) guide you? Many people over the world believe they have experienced reincarnation. And those reincarnation experiences have a positive impact that can be used as part of a healing process in therapy. Many people are searching for a path and way to know more about their previous life before their present life. So, this book pretty much will guide you to answer those complex questions above. PLR-its literal definition-is a journey into past life. When you are hypnotized, you can track that period before your present life. What if you don't believe in past life regression? Even if you don't believe in reincarnation, most people believe that when we die, our soul will continue to live in a different live as a different person. Meaning that, after we die, our soul will continue to occupy a different body until that body or physical form also becomes old and an improper vessel for the soul. Maybe you read this book because you or people you know believe in a previous life. There is unique way to know your previous life through hypnotherapy. I suggest that you open your mind to this possibility and read Nathalia Sunaidi's book.
