*CHAPTER 8 WAREHOUSING
A...supplychainhandbook.jsi.com/wp-content/uploads/2017/01/JSI_Supply...*

8.1.2 INVENTORY MANAGEMENT
Warehouses, clinics, and any facility that stores products within the public health system need to have inventory management systems to maintain an appropriate stock level for all products to avoid shortages and oversupply. In general, there are two methods for managing inventory in a warehouse—automated or manual.
