The Conscious Closet Elizabeth L. Cline 2019-08-20 From journalist, fashionista, and clothing resale expert Elizabeth L. Cline, "the Michael Pollan of fashion,"* comes the definitive guide to building an ethical, sustainable wardrobe you'll love. Clothing is one of the most personal expressions of who we are. In her landmark investigation Overdressed: The Shockingly High Cost of Cheap Fashion, Elizabeth L. Cline first revealed fast fashion's hidden toll on the environment, garment workers, and even our own satisfaction with our clothes. The Conscious Closet shows exactly what we can do about it. Whether your goal is to build an effortless capsule wardrobe, keep up with trends without harming the environment, buy better quality, seek out ethical brands, or all of the above, The Conscious Closet is packed with the vital tools you need. Elizabeth delves into fresh research on fashion's impacts and shows how we can leverage our everyday fashion choices to change the world through style. Inspired by her own revelatory journey getting off the fast-fashion treadmill, Elizabeth shares exactly how to build a more ethical wardrobe, starting with a mindful closet clean-out and donating, swapping, or selling the clothes you don't love to make way for the closet of your dreams. The Conscious Closet is not just a style guide. It is a call to action to transform one of the most polluting industries on earth—fashion—into a force for good. Readers will learn where our clothes are made and how they're made, before connecting to a global and impassioned community of stylish fashion revolutionaries. In The Conscious Closet, Elizabeth shows us how we can start to truly love and understand our clothes again—without sacrificing the environment,

our morals, or our style in the process. *Michelle Goldberg, Newsweek/The Daily Beast
Becoming Brilliant Roberta M. Golinkoff 2016-05-01 Today's children will forge careers that look nothing like those their parents and grandparents knew. Even the definitions of "career" and "job" are changing as people create new businesses and services. Although these changes are well underway, our education system in the U.S. lags behind and still subscribes to the idea that content is king. This exclusive focus on content is reflected in what we test, how we teach, and even the toys we offer our children. Employers want to hire excellent communicators, critical thinkers, and innovators-in short, they want brilliant people. So what can we do, as parents, to help our children be brilliant and successful? Golinkoff and Hirsh-Pasek provide a science-based framework for how we should be teaching children in and outside of school. Using fun and engaging examples, the authors introduce the 6Cs-collaboration, communication, content, critical thinking, creative innovation, and confidence-along with tips to optimize children's development in each area. These skills will make up the straight-A report card for success in the 21st century. Book jacket.
